Newfoundland Postal Slogans

AT A RECENT monthly meeting of the New York Group of BNAPS, I was showing Newfoundland postal stationery, as well as odds and ends of cancellations, and I was pleasantly surprised at the interest in the postal slogans.

In all, Newfoundland only had 19 different prior to joining Canada on April 1, 1949, and the task of completing these is well within the pocket book range of all Newfoundland collectors. It was back in August 1945 that I published the list of 16 known slogans. In subsequent issues of TOPICS three new slogans were added and the earliest and latest recorded dates of use were also listed. As we had less than 200 members at that time and now have close to 1,000, the editor has agreed to republish the article and it has been refurbished and brought up to date.

With the astronomical figures being realized for fine Newfoundland material now this might well be a very pleasant philatelic sideline as I'm relatively certain that any Newfoundland cover collector must have quite a few of the varieties in his collection. I'm certain, also, that the rest can be purchased at prices ranging from 10 cents to \$1. All slogans listed were used at St. John's only, with one exception which will be noted later. This one slogan was also used from St. John's East.

- Record of use from Feb. 8, 1918, to Jan. 3, 1919.
- Exactly the same as No. 1 except for the figure '2' found to the right of the slogan. Record of use from Feb. 6, 1918, to Dec. 21, 1918.
- Record of use from June 10, 1921, to April 5, 1928, at St. John's and from Sept. 11, 1928, to Feb. 20, 1934, at St. John's East.
- Put into use on March 14, 1922, and latest record of use is Sept. 26, 1922.
- Enjoyed a tenure of more than 10 years, as Huber states that the first day of use was March 1, 1923, and last record of use is Nov. 2, 1933.
- 'Newfoundland' written as two separate words. Record of use from April 28, 1925, to July 28, 1926.

- According to Huber, this slogan cancellation was in use from Oct. 17, 1923, to Oct. 31, 1924.
- Exactly the same as No. 7 except that the year appears as '1925' instead of '1924'. This slogan is recorded in Boggs and in the 1928 price list of Rev. E. A. Butler. However, I have never seen an example of this slogan and its appearance in this list is based solely on the basis of the above-mentioned references, although personally I doubt that it exists.
- Followed directly after No. 7 and was put in use on Oct. 31, 1924, and latest record of use Oct. 21, 1925.
- 'Newfoundland' written as one word. Record of use from May 3, 1927, to Sept. 29, 1930.
- A commemorative slogan and only in use on June 14, 1929.
- Record of use from July 18, 1929, to Feb. 12, 1934.
- Record of use from Nov. 20, 1928, to April 14, 1932.

A NEW VALUE has been added to the current (1938) issue of **Saskatchewan Law Stamps**. This is the \$20 value in a bright carmine shade. As all revenue collectors know, the 1938 issue is of the same design as the third issue, that of 1908, but the new set represents color changes. All values of the 1908 issue have appeared in the 1938 set long before this in their various color changes, but the \$20 red-brown continued in use. Just when this bright carmine color change took place we do not know, but it is a very distinctive color variety. This will become Holmes' No. SL56.

Cape Breton Law Stamp. We have just recently secured the new 50c light green Cape Breton Island Law stamp of a wholly new design. Does anyone know just when this was issued. It is perf. 12, and is printed on a wove paper which gives the appearance of being laid (horizontal). The central design is a bookshelf of books with a 'sunburst' background. Figures of value appear in circles in each corner. A banner across the top reads CAPE BRETON LAW STAMP, and a similar banner across the bottom reads CAPE BRETON CANADA. The use of the word 'Island' and any reference to its being part of the province of Nova Scotia is missing.

Nova Scotia — Halifax Law Library Stamps. In December 1956 BNAPS'er H. W. Walker reported two new varieties of the Halifax Law Library stamps. Similar in design to previous issues but bearing no de-

nomination in the design. These exist with and without the handstamped denominational overprint. We illustrate herewith this month the variety with the '1' overprint in carmine. I have had a couple of inquiries regarding the existence of this same stamp with a '50c' overprint. So far I have not seen one, nor have I been able to find anyone who has seen one. If any BNAPS'er has one or knows of their existence, will he kindly get in touch with the editor of this column.

Manitoba Third Provisional Issue. Just where are all the counterfeits of this issue coming from? A number of lots have been reported on the market in recent months. One large lot appeared in a well known New York auction house sale, but was withdrawn when its true character was pointed out. Other lots have been offered by dealers from all over the U.S.—from New York to California. Some are offered as 'counterfeits', other as 'Unofficial Reprints', or as 'proofs'. They are fakes!

While the central design is close enough to the original to have been printed from the same plates, the denomination overprints and the 'LS' and 'CF' overprints differ greatly from the genuine. The easiest
